The Season Of Creation -

First Of September To The Fourth Of October

The Season of Creation has a special significance for the Catholic Church, particularly since Pope Francis established 1 September as an annual World Day of Prayer for the Care of Creation.

The Season of Creation or Creation Time, is marked throughout the Christian world from 1 September to 4 October (Feast of St. Francis of Assisi) and celebrates the joy of creation as well as encouraging awareness-raising initiatives to protect the natural environment.

Pope Francis on Caring for Our Common Home

“We need to strengthen the conviction that we are one single human family.”

“The Earth, our home, is beginning to look more and more like an immense pile of filth. In many parts of the planet, the elderly lament that once beautiful landscapes are now covered with rubbish.”

“Never have we so hurt and mistreated our common home as we have in the last 200 years.”

“We are not God. The Earth was here before us and was given to us.”

“The idea of infinite or unlimited growth, which proves so attractive to economists, financiers and experts in technology ... is based on the lie that there is an infinite supply of the earth's goods, and this leads to the planet being squeezed dry at every limit.”

“Yet all is not lost. Human beings, while capable of the worst, are also capable of rising above themselves, choosing again what is good, and making a new start.”
